Doctors Did Her No Good—  
Testifies How She Was  
Helped by Lydia E. Pink-  
ham's Compound.

Zanesville, Ohio. — "Last fall I had female weakness very bad, and was nervous and run down. I was dizzy and had numb feelings and my eyes ached. I took doctor's medicines but they did me no good, so I decided to try Lydia E. Pinkham's Vegetable Compound. I did so, and now I feel stronger and better. I have told other women what Mrs. Pinkham's medicines have done for me and give you permission to publish this letter for the good of others." — Mrs. HULDA ERICKSON, 506 Maysville Avenue, Zanesville, Ohio.

**More Proof.**  
Burlington, Iowa. — "For years I suffered a great deal from female troubles. I had awful pains and felt sick nearly all the time. I saw Lydia E. Pinkham's Vegetable Compound advertised and heard that it had helped other suffering women so I felt sure it would do me good. Sure enough it did. The first bottle helped me and now I am a strong and well woman. I would not be without it in the house." — Mrs. ANNA HIGGINS, 1125 Agency St., Burlington, Iowa.

There need be no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to remedy woman's diseases. We possess volumes of proof of this fact, enough to convince the most skeptical. Why don't you try it?

**YOUR MONEY**  
Has a String to it When You Buy  
**BUG-A-CIDE**

Bugacide is sold conditionally. If you like it we keep your money. If you are disappointed with it come back and get your money. In other words, you money has a string to it, "Pull the string" if you are not satisfied with Bugacide.

Bugacide is death on bed bugs, carpet bugs, moths, hen lice, sheep tick, and other pests. Its odor is not unpleasant and it will not harm garments, carpets, bed clothes, furniture covering, tapestries, etc. Bugacide powder is death on black and red ants, cock roaches and water bugs.

The Massachusetts state prison and Albany penitentiary recommend the use of these preparations. Drug-gists and grocers (the live ones) sell them. Druggists Gokay, Cole, Ward and Harwood of Bennington sell Bugacide preparations. They are authorized and ordered to return the purchase price which is 25c, when they fail to satisfy your fondest hopes.

For complete extermination of any kind of bugs in public buildings and institutions, hotels, apartment houses and private dwellings, wire, phone or write E. F. Fahy, Pittsfield, Mass. Your money is yours always until you are positively satisfied there is not a bug, nest or eggs left.

# WE ARE READY For Fall and Winter Orders For Tailor-Made Ladies' Apparel

I have just returned from New York city with a very large assortment of materials for Fall and Winter Costumes. I have such a varied assortment that there will be no two costumes alike. My costumes are my guarantee of perfect work. They return season after season for costumes and each season for costumes and each season are even more satisfied than they were the preceding one.

# A SLIGHT REDUCTION DURING AUGUST

In order to stimulate trade during August, I have decided to give a fair reduction on all garments ordered during this month. This is really the best time to have a garment made, as you have first selection of the styles and materials, besides the fact that we will be able to give more attention than later in the season, when every lady is in a rush for her coat or suit

# FURS REMODELED Now is the Time to Have Your Furs Remodeled

If you have any work to be done on Furs, I am positive you cannot get any better work done anywhere in this country than you can here. During the past four years I have established a reputation with my work in this city, which I am sure is guarantee enough of my ability.

Washington, Aug. 22.—The United States Government heard of the killing by British troops of James Wood Rogers, the American elephant hunter, in the African jungle months ago before his death had been publicly announced in London, and had ordered a report from American Consul Hazeltine at Boma.

# BIG BOXING BOUT OFF.

Commission and Promoters Drop Johnson-Jeanette Contest.

New York, Aug. 23.—That the Jack Johnson-Joe Jeanette bout will not take place anywhere in New York State Sept. 25 or any other date was the decision arrived at yesterday as the result of a lengthy conference between the members of the New York State Athletic Commission. Messrs. Frank S. O'Neil and Major John J. Dixon and Jess and Ed McMahon, representing the St. Nicholas A. C., at which place the ten round go had been scheduled.

The McMahons, who had signed the two boxers, with Johnson to receive \$25,000 before he had stepped in the ring, with a privilege of 50 per cent. of the first \$60,000 gate money, had been summoned to appear before the commission and state their reasons as to why the bout should be held. They were quizzed as to their knowledge of the Frawley law, over the workings of which the commission has absolute control, and were said to have been very much impressed with the desirability of the commission to the end that nothing be done by any promoters which would bring discredit on the sport.

It was stated at the meeting that even Gov. Dix is unalterably opposed to any of the "big" fellows like Johnson, Jeffries, Corbett and men of that calibre showing in this State. "I know," said a close follower of pugilistic matters at yesterday's session, "that before Gov. Dix put his pen to the bill making it a law he asked Senator Frawley, who fathered the bill, if it was the purpose of those interested in its passage to have such men appear in contests under the law."

Senator Frawley is said to have asserted that under no condition would such men be allowed to take part in any contest, whereupon the Governor signed the bill. Following this, and when James E. Sullivan was a member of the commission, an agreement was tacitly reached by the commission that Jack Johnson should not be permitted to box in this State. This was attested yesterday by McMahon, said now, as then, they considered his competition inimical to the best interests of the sport which was growing in favor under proper supervision every day.

# YOSHIHITO RESIGNS.

New Japanese Emperor Formally Takes Throne.

Tokio, Aug. 21.—Yoshihito, the new Emperor of Japan, yesterday completed the formalities connected with his accession to the throne. The concluding function was the reading by the premier of a special imperial edict to the members of the Diet assembled in extraordinary session. The document was textually as follows:

"I have ascended the throne of my imperial ancestors and expect to follow in the footsteps of the late emperor, obeying the guidance of my ancestors."

An appropriation of \$750,000 to cover the expenses of the funeral of the late emperor was then introduced. The remainder of the cost of the funeral ceremonies, which will amount altogether to \$1,000,000, will be borne by the emperor's private purse. The lying-in-state of the body of Mutsuhito is to be viewed by the entire diplomatic corps on Sept. 4, who will be admitted to the death chamber after an audience with the new emperor and empress.

**Quicksands.**  
Quicksands are not caused by water constantly flowing over sand. It is only where there is an upward current that they are found. Imagine, for instance, a bucket filled with sand. Water poured on that sand does not make it "quick." If, however, the bucket had a hole in its bottom and water was forced through the hole quicksands would be formed.

**"Solid Gold."**  
Commercially speaking, the term "solid gold" is a misnomer, since such gold has not been used for many years. Some of the ancient Roman jewelry and some of that of the renaissance period was, indeed, made of pure gold, worked up by hand with the crudest of tools, but since the old day there has been a constantly increasing employment of alloys, for the reason that jewelers found that the harder the gold was rendered by good alloys the greater its wearing qualities and the more secure, therefore, was the setting of the gems it contained. Nowadays jewelry is of 18, 14 or 10 carats, according to the design and character of the article, and it is much more frequently 10 than 18 carats.
